Cutting Directions: All measurements based on a 1/4” seam allowance.
From the barnyard scenic print:
   Cut one 30” x 42” strip, recut into one 30” square
From the cloud print:
   Cut one 19” x 42” strip, recut into one 19” x 34” rectangle
From the tossed farm animal print:
   Cut five 4-1/2” x 42” strips for border
From the black solid:
   Cut one 17-1/2” x 42” strip, recut into one 17-1/2” x 31” rectangle
   Cut six 2-1/2” x 42” strips for binding
   Cut five 2-1/2” x 42” strips
   Cut three 1-1/2” x 42” strips, recut into two 1-1/2” x 31” and six 1-1/2” x 10” strips
From the red solid:
   Cut five 1-1/2” x 42” strips
From the blue solid:
   Cut one 19” x 42” strip, recut into one 19” x 34” rectangle

Sewing Directions:
1. Cut the 30” square barnyard piece into nine 10” squares.

2. Keeping the barnyard squares in the same order as they were cut, stitch 1-1/2” x 10” black solid strips between the 10” squares in each row.
Sew 1-1/2” x 31” black solid strips between the rows to complete bottom window section.
3. Cut fusible web into two 33” lengths. Lightly press one piece centered on wrong side of cloud 19” x 34” rectangle. Place the cloud rectangle web-side down on right side of the blue solid and press in place. Fuse the second piece of fusible web to wrong side of blue solid. This lined piece of cloud fabric (fabric sandwich) will make it so the black solid background of the upper window section won’t show through.

4. Using templates, draw the windows on the paper side of the fabric sandwich - being sure the templates are orientated to the top of the cloud print (on other side of fabric sandwich). Use reverse of window templates (Ar and Br) to draw the reverse windows.

5. Cut out each window and place on the 17-1/2” x 31” black solid background as shown: 1/4” from top and sides, 2-1/4” from the bottom. There should be 1” between the window panes.

6. Permanently fuse windows in place according to web manufacturer’s directions. Stitch around edges of appliquéd windows using an overcast stitch such as zigzag or hemming stitches.

7. Sew top window section on top of the bottom window section.

8. Stitch five 2-1/2” black solid strips together end to end. Cut into four equal length borders. Sew borders to right and left sides of quilt center. Press and trim excess from these and all successive border additions. Add remaining black solid borders to top and bottom.

9. In the same manner, add a 1-1/2” red border made from five strips.

10. Stitch five 4-1/2” tossed farm animal print strips together end to end. Cut two 56” long borders and sew to right and left sides of quilt. Cut remaining border into two equal length borders and add to top and bottom of quilt.

**Finishing:**

1. Cut backing into two equal lengths. Sew the two lengths of backing together along selvage edges creating a two-panel wide backing. Layer the backing, batting and quilt top. Quilt or tie as desired.

2. Prepare binding from six 2-1/2” x 42” black solid strips. Sew strips together into one long binding strip. Press strip in half lengthwise.

3. Carefully trim backing and batting even with quilt top.

4. Leaving an 8” tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12” from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to 1/4” and press open. Finish sewing binding to quilt.

5. Turn binding to back of quilt and blind stitch in place.
