An added 1/8 to 1/2 yard is added to all yardages to account for shrinkage, straightening, cutting errors and prints that may require special cutting to get the best results.
You should protect your investment in time and fabric by making sample blocks before cutting into your fabric because Exclusively Quilters will take no responsibility for replacing fabrics.
Shops who wish to kit this design are responsible for figuring yardage for their kits if they wish to reduce yardages.
White Flower Blocks:
1. Stitch two 3-7/8" black half-square triangles to two adjacent sides to each of the lime dot 3-1/2" squares as shown to create corner units.
2. Stitch four of the corner units to each of the 9" white flower squares to create ten Floral Blocks.

Green Blocks:
1. Stitch a 3-7/8" green dot half-square triangle to all four sides of the ten 4-3/4" bubble flower squares.
2. Sew a 7-1/4" green swirl quarter-square triangle to all four sides of the blocks.
3. Add a 6-7/8" black dot half-square triangle to all four sides of the blocks.
4. Draw a diagonal line across the wrong side of each of the 3-1/2" gray dot squares.
5. Lay four marked 3-1/2" gray dot squares right sides together on the four corners of the blocks.
6. Stitch along the marked lines. Trim excess from corners to about 1/4" seam allowance. Press triangles out, completing the blocks.

Assembly:
1. Lay out the blocks in five horizontal rows of four blocks each, alternating the white flower and green blocks. Stitch the blocks in rows. Sew the rows together.
2. Cut two 2-1/2" x 44" black strips each into two equal halves. Sew each half-length strip end-to-end with a full-length strip. Add borders to the right and left sides of quilt center. Press and trim excess from these and all successive border additions. Stitch remaining 2-1/2" black borders to the top and bottom of quilt center.
3. Make and add a 2-1/2" green border in the same manner as the first border.
4. Using "Side Border Template A", trim sixteen 4-1/2" x 4-3/4" green dot pieces. Using the same template face down on the right side of the fabric, trim sixteen 4-1/2" x 4-3/4" green dot pieces.

5. Using "Side Border Template B", trim sixteen 2-1/2" x 4-3/4" gray pieces. Using the same template face down on the right side of the fabric, trim sixteen 2-1/2" x 4-3/4" gray pieces. Repeat with black 2-1/2" x 4-3/4" pieces.

6. Using the trimmed pieces above, make sixteen of each side border block as shown:

7. Using the quilt diagram as a guide, piece two side borders using the blocks. If needed to fit the borders to the sides of the quilt, slightly increase or decrease the seams between the blocks.

8. Make the top and bottom borders in the same manner as the side borders, using "Top & Bottom Border Template A", "Top & Bottom Border Template B", 4-1/2" x 4" green dot pieces, 2-1/2" x 4" gray pieces, and 2-1/2" x 4" black pieces.

9. Sew the seven 4-1/2" x 44" lime dot strips together end-to-end. Cut two lime dot borders the same length as the top and bottom borders, and two lime dot borders the length of the side borders. Stitch these strips to the appropriate pieced borders along the black edges.

10. Sew the pieced/lime side borders to the right and left sides of quilt. Add a 8-1/2" black flower square to both ends of top and bottom borders. Add the top and bottom borders to the quilt.

11. Make four borders, each with two 2" x 44" green strips sewn together end-to-end. Add borders to right and left sides of quilt, then to the top and bottom.

Finishing:
1. Cut backing into two equal lengths. Sew the two lengths together along selvage edges. Layer the backing, batting and quilt top. Quilt or tie as desired.

2. Prepare binding from eight 2-1/2" x 44" green strips. Sew strips together into one long binding strip. Press strip in half lengthwise.

3. Carefully trim backing and batting even with quilt top.

4. Leaving an 8" tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to 1/4" and press open. Finish sewing binding to quilt.

5. Turn binding to back of quilt and blind stitch in place.
